

ALPHA and OMEGA

NUMBER 11
August, 1986

This is the official publication of the Miller Number Custodian, who is:

Fred G. Hyatt 60 Grandview Place, Montclair, New Jersey 07043

I am sure you are all aware that on June 1, 1986, Lee Kendter resigned as Miller Number Custodian. On that date, I assumed the responsibilities, duties, etc. of the post.

The transfer of responsibilities took place at MARYCON. Lee administered an oath to me, while I rested my right hand on a "Diplomacy" map. Fred Davis acted as "Official Witness". Lee wanted to launch me with a bottle of "Miller Lite", but I was afraid my head would break before the bottle.

I do not remember the content of the oath, as I'm sure Lee made it up as he went along. I do remember promising to administer the Miller Numbers to the best of my ability, to maintain the independence of the service and to maintain an accurate accounting of the Miller Number Treasury.

Speaking of which, the Treasury is in fairly good shape, There funds enough to see me through to the end of 1986, but after that the Treasury will need replenishing. As I stated in a letter to Jim Burgess, I prefer to finance the Custodianship by donations, but if it becomes necessary I will finance the operation out of my own pocket rather than accept any funding with "political" strings attached.

We all owe Lee Kendter an ovation for his performance as Miller Number Custodian. Lee took over as Custodian at a time when the records were disorganized, and the service itself was in a state of chaos. Lee brought order to this mess and put the Miller Number System back on a smoothly functioning course. He has done much to restore confidence in the System and respect for the Custodianship itself.

While I cannot expect to improve on the excellent performance of Lee, I do expect to maintain the high level of competency he has set. Only in that manner can the Miller Number System continue to regain the good opinion of the players, publishers and Gamesmasters.

As I said, Lee has done a great deal to restore the "respectability" of the Miller Number System. I only hope I can help to foster the growth of that respectability during my tenure as Custodian.

Now that I've run out of things to say, on to the "Alphas" and "Omegas"!

I almost forgot! As a way of saying "thank you", below is a list of persons making donations to the Miller Number System since the last issue:

Jim Burgess, Steve Langley, Lu Henry, Melinda Holley, Fred Hyatt

Trades welcome; subs available at 5¢ per page, plus postage.
